Eager to contribute to innovative projects and continuously expand technical expertise.

Educational History

Bachelor of Computer Science

M. S. Bidve Engineering College Latur

2020 – 2024

CGPA – 9

HSC

Dr. Chandrabhanu Sonave Jr. College Latur

2018 – 2020

Percentage –66%

SSC

Shri. Deshikendra Vidyalay Latur

2018

Percentage – 87.60%

Relevant Skills

- Proficiency in Java, Python ,C
- Database and SQL
- HTML CSS, JAVASCRIPTS, REACTS
- Manual Testing

Certifications

JAVA and SQL and Manual Testing Training has been successfully completed from Qspiders

PreCat Course from Sunbeam Institute

Language Known

English , Marathi , Hindi

Projects

Food Delivery Websites

Developed a dynamic food delivery website using the MERN stack, featuring user authentication, real-time order tracking, and a seamless UI for browsing restaurants and placing orders. Integrated MongoDB for efficient data storage, Express & Node.js for a scalable backend, and React.js for an interactive and responsive frontend. Implemented secure payment gateways and optimized performance for enhanced user experience

Car Rental System

Designed and developed a Java-based Car Rental System leveraging Object-Oriented Programming (OOP) principles for efficient vehicle management. Implemented key functionalities such as renting and returning cars, customer management, rental history tracking, and pricing adjustments. The system ensures scalability through well-structured class hierarchies, encapsulation, and modular design. Future improvements include multi-customer rental support and GUI development to enhance user experience

Work Experience

Web Development Intern | HTML & CSS

CodSoft Company | Mar 2024 – Jun 2024

- Built and styled multiple static and semi-dynamic web pages.
- Strengthened understanding of semantic HTML, CSS Flexbox/Grid, and responsive design principles.
- Contributed to real-world projects and received feedback from mentors.
