WORK EXPERIENCE

DotNet Developer(Trainee)
Bluebenz Dizitizations private limited

11/2024 - 02/2025   *Kolhapur*

BlueBenz Technologies is a software development company offering solutions in web and enterprise applications. During my 4-month training program as a .NET Developer, I gained hands-on experience in full-stack development using technologies such as ASP.NET, C#, SQL Server, HTML, CSS, and JavaScript. I was involved in developing and testing modules for a real-time online marketing project. This opportunity helped me strengthen my coding skills, understand industry practices, and collaborate within a professional development team.

DotNet Developer
IT Prenuar Edutech

08/2023 - 08/2025   *Pune*

"This is a software training institution where experienced trainers from the software industry provide guidance. I learned everything related to .NET Full Stack Development and worked on a project — an online marketing website."
